

Adhixit Nandan Sharma

Computer Science Student | Aspiring Software & Data Professional
Berlin, Germany | +49 15232707376
sharmaadhixitnandan@gmail.com
LinkedIn | GitHub

PROFESSIONAL SUMMARY

Computer Science student with academic experience in Artificial Intelligence, Machine Learning, Applied Statistical Modelling, Python, SQL, and web technologies. Familiar with Jupyter Notebook, R, GitHub, database tools, and data-analysis workflows. Experienced in delivery and logistics operations, with strong organisation, time management, customer-service, problem-solving, and independent-working skills.

EDUCATION

BSc Computer Science — GISMA University of Applied Sciences, Berlin, Germany | July 2025 – June 2028

Class XII / Senior Secondary Education — Montessori Cambridge School, Pathankot, India

TECHNICAL SKILLS

Programming	Python, R, SQL
AI and Data	Artificial Intelligence, Machine Learning, Statistical Modelling
Web	HTML, CSS
Databases	MySQL, PostgreSQL, DBEaver
Tools	Git, GitHub, Jupyter Notebook, Microsoft Excel
Additional	Tableau, Power BI, Docker

ACADEMIC PROJECTS

Artificial Intelligence & Machine Learning — Loan Data Analysis

Python, Jupyter Notebook | GitHub: github.com/adhixit4-crypto/B104-Artificial-Intelligence-and-Machine-Learning

- Worked with a loan dataset through a Jupyter Notebook-based academic workflow.
- Organised project files, executed analysis, and documented outputs and findings.
- Used Python-based notebook tools to support data preparation and machine-learning coursework.

Applied Statistical Modelling — Bank Marketing Analysis

R | GitHub: github.com/adhixit4-crypto/B105-Applied-Statistical-Modelling

- Analysed a bank-marketing dataset using R for applied statistical modelling.
- Organised R scripts, supporting data files, and an arranged Excel dataset.
- Documented statistical-analysis activities and interpreted coursework results.

Personal Portfolio Website

HTML5, CSS3, JavaScript | GitHub: github.com/adhixit4-crypto/My_Portfolio

- Created and maintained a personal portfolio website for presenting education, skills, and technical work.
- Used HTML, CSS, and JavaScript to structure and style the website.
- Published the source code on GitHub for review.

PROFESSIONAL EXPERIENCE

Delivery / Logistics Associate — Amazon Delivery Operations | Berlin, Germany | 16 March 2026 – Present

- Deliver parcels safely and efficiently while following operational procedures, schedules, and customer-service standards.
- Plan and manage delivery routes, prioritise tasks, and work independently to complete daily delivery targets.
- Use problem-solving and communication skills to handle delivery issues, customer interactions, and operational changes.
- Maintain accurate parcel handling and return undelivered items in accordance with station procedures.

RELEVANT COURSEWORK

Data Structures and Algorithms; Databases and Big Data; Mathematical Foundations; Applied Statistical Modelling; Artificial Intelligence and Machine Learning; Project Management; Web and Python Programming.
