

Adhixit Nandan Sharma

Computer Science Student | Aspiring Software & Data Professional

Berlin, Germany | +49 152 32707376

sharmaadhixitnandan@gmail.com | LinkedIn | GitHub

Professional Summary

Computer Science student with academic experience in Artificial Intelligence, Machine Learning, Applied Statistical Modelling, Python, SQL, R, and web technologies. Familiar with Jupyter Notebook, GitHub, database tools, and data-analysis workflows. Professional delivery and logistics experience has strengthened my organisation, time management, customer service, problem-solving, and independent-working skills.

Academic Projects

Artificial Intelligence & Machine Learning - Loan Data Analysis

Python | Jupyter Notebook | Machine Learning

- Worked with a loan dataset through a notebook-based academic workflow.
- Organised data and project files, executed analysis, and documented findings.
- Used Python tools for data preparation and machine-learning coursework.

Professional Experience

Delivery / Logistics Associate

Amazon Delivery Operations | Berlin, Germany | March 2026 - Present

- Deliver parcels safely and efficiently while following procedures, schedules, and customer-service standards.
- Plan routes, prioritise tasks, and work independently to complete daily delivery targets.
- Resolve delivery issues and adapt to customer interactions and operational changes.
- Maintain accurate parcel handling and return undelivered items according to station procedures.

Education

BSc Computer Science

GISMA University of Applied Sciences

Berlin, Germany

July 2025 - June 2028

Class XII / Senior Secondary

Montessori Cambridge School

Pathankot, India

Technical Skills

Programming

Python, R, SQL

AI & Data

Artificial Intelligence, Machine Learning, Statistical Modelling

Web

HTML5, CSS3, JavaScript

Databases

MySQL, PostgreSQL, DBeaver

Tools

Git, GitHub, Jupyter Notebook, Microsoft Excel

Additional

Tableau, Power BI, Docker

Relevant Coursework

- Data Structures and Algorithms
- Databases and Big Data
- Mathematical Foundations
- Applied Statistical Modelling
- Artificial Intelligence and Machine Learning
- Project Management
- Web and Python Programming
